Which distribution to use

Am I being asked about the true	population variance?	
mean?	Yes	no
Yes	Tout	2 = x - 10 3/12 Y = n-1
	Po the yes n>50 10 2: x-4. 51/6	
An I being ashed about the true variance / std deviation?	yes Use chi-sq TS: X2	

when or is the null hyp for the true variance
